- **£500 interest-free arranged overdraft**

An arranged overdraft is a short-term borrowing option that lets you borrow money up to an agreed limit when your balance goes below zero

With a Premier Current Account, if you're 18 or over and a UK resident you can apply for an interest-free overdraft of up to £500. If you arrange a higher overdraft limit, we'll charge interest when you go over your £500 interest-free amount, up to your arranged overdraft limit. An arranged overdraft is subject to application, financial circumstances and borrowing history.

Overdrafts are repayable on demand

How does our overdraft compare? A good way to compare the cost of our overdraft with other ways of borrowing is to look at the APR. The APR shows the cost of borrowing over a year

Representative example: 0% interest (variable) payable on arranged overdrafts up to £500. If you use an arranged overdraft above this amount, the annual rate of interest is 35.0% (variable).

19.5% APR Representative (variable), based on a £1,200 overdraft balance

- **Black Premier debit card**

Your black Premier debit card can be used to **withdraw up to £2,000 a day from cash machines** (as long as there's enough money in your account). You just need to increase your cash machine withdrawal limit from £1,000 to £2,000 in the Barclays app. You can also personalise your card with your favourite photo, free of charge.

Helping you stay safe

- **Stop scammers in their tracks**

We'll never call you and tell you to move your money to a different account to keep it safe. Scammers change tactics often and adapt quickly. Find advice, support and steps you can take to stay safe at barclays.co.uk/fraud-and-scams

- **The money mule trap**

Don't let criminals trick you into moving money illegally. Watch out for anyone asking to borrow your bank account, or offering easy money. If it looks too good to be true, it usually is. Search 'money mules Barclays' for more info.

International Payments

- **Fee-free international payments online**

Send money outside the UK with no charges in the app or Online Banking. We support all major currencies, and transactions are quick, easy and secure. Fees for payments sent from a branch start at £15 (the recipient's bank may still charge a fee, depending on its location)

- **Buy foreign currency in the app and spend it on your debit card**

Our travel wallet lets you buy euros or US dollars in your app then spend it with your usual debit card. There's no need to carry large amounts of currency, you can top up anywhere, any time, and you can convert any unused currency back into pounds free of charge. Find out more in 'Your Cards' section in the app.
